

## **DECLARATION**

Vienna, 21 August 2017

LUKOIL Lubricants Europe GmbH products do not contain any restricted substances above maximum concentration values that are specified in Directive 2011/65/EU of the European Parliament and of the Council of 8 June 2011 on the restriction of the use of certain hazardous substances in electrical and electronic equipment - RoHS as last amended.

The declaration is based on the available information from our suppliers and our best knowledge on the compositions of our products.

Although the RoHS restricted substance(s) as such is/ are not intentionally added to LUKOIL Lubricants Europe GmbH products, and the absence has not been checked by tests, this does not exclude the presence of negligibly slight traces due to, amongst others, impurities in the components supplied by external parties. This information applies to our products as produced in our production facilities and does not cover any component e.g. additive, pigment subsequently used or added by the buyer (or a third party).

The information provided is based on a review of the material safety data sheets. Please note that we do not test our products to confirm the presence or absence of RoHS restricted substance(s). This information is for guidance only, it is based on our most up-to-date knowledge and experience and we cannot assume any liability for damage caused through its use. This information has been given to the best knowledge of the Undersigned, is to be considered as accurate and refers to the laws, regulations and products at the date of issuance of this declaration. However, we makes no express or implied representations or warranties with respect to the information contained herein. It is the sole responsibility of our customers to determine that their use of our products is safe, lawful, and technically suitable for their applications. Because of possible changes in the laws and regulations, we cannot guarantee that the status of the products concerned will remain unchanged. This document expires one year after the date of use or upon any regulatory change occurring sooner. This publication replaces all previous versions published and any and all information is subject to change without notice.
