

DECLARATION

Vienna, 21 August 2017

LUKOIL Lubricants Europe GmbH products do not contain any Substance of Very High Concern-SVHC substance as identified under Article 59(1) of Regulation (EC) No 1907/2006 (REACH) in a concentration above 0.1 % weight by weight. The declaration is based on the available information from our suppliers and our best knowledge on the compositions of our products.

Although the SVHC substance(s) as such is/ are not intentionally added to LUKOIL Lubricants Europe GmbH products, and the absence has not been checked by tests, this does not exclude the presence of negligibly slight traces due to, amongst others, impurities in the components supplied by external parties. This information applies to our products as produced in our production facilities and does not cover any component e.g. additive, pigment subsequently used or added by the buyer (or a third party).

Please note that following LUKOIL Lubricants Europe GmbH products contain SVHC substances in the concentration above 0.1 % weight by weight:

- Borax pentahydrate, CAS: 12179-04-3 in the product LUKOIL COOLANT PERFECT READY
- Borax pentahydrate, CAS: 12179-04-3 in the product LUKOIL COOLANT PLUS
- Boric acid, CAS: 10043-35-3 in the product LUKOIL MIXCUT UN
