LUKOIL IS THE FIRST RUSSIAN BRAND TO JOIN SMS GROUP LUBRICANTS LIST

Germany-based SMS group, one of the global leaders in machinery construction and engineering for metallurgical industry, has included LUKOIL in its list of preferred lubricants suppliers for servicing its equipment.

Among LUKOIL products recommended for servicing SMS group industrial equipment are LUKOIL GEYSER hydraulic oils, including the fire resistant products of HFDU and HFC class, INTEGO PREMIUM circulation lubricants fo rolling mills, FREO metal-working fluids and FLEX greases.

LUKOIL became the first Russian company among the ten global lubricants producers whose products approved in accordance to the SMS group standards.
