LUKOIL TO SUPPLY MOTOR OIL TO MOSGORTRANS IN 2018

LUKOIL has won the Mosgortrans tender for the supply in 2018 of motor oils for the bus fleet running on MAN and YAMZ diesel engines that comply with Euro-5 environmental standard.

Europe's largest public transport operator will use AVANTGARDE PROFESSIONAL LS5 10W-40 and AVANTGARDE PROFESSIONAL 10W-40. The lubricants of this series have already been approved by such global manufacturers of heavy-duty engines as MAN, Volvo, MB, MTU, Renault, Mack, Deutz and Scania.

Mosgortrans' fleet numbers over 6,500 buses fitted with modern foreign and domestic engines. LUKOIL has been developing cooperation with the public transportation company since 2012 through vigorous participation in its imports replacement program.
