LUKOIL TO SUPPLY LUBRICANTS TO A LARGE SWEDISH NETWORK OF HEAVY VEHICLE WORKSHOPS

LUKOIL signed a three-year lubricant supply contract with Malte Manson, a large Swedish network of heavy vehicle workshops.

The Company will provide Malte Manson with a wide range of products, mainly LUKOIL AVANTGARDE PROFESSIONAL motor oils.

Modern bulk tank monitoring equipment is installed at all Malte Manson locations. LUKOIL Lubricants Europe will monitor, order and supply lubricants to its client thus supporting consistent operations.

For reference:

LUKOIL Lubricants Company produces and sells its products in Central and Western Europe through its wholly-owned subsidiary LUKOIL Lubricants Europe GmbH.

Malte Manson is a large network of heavy vehicle service workshops in Sweden. The company also produces industrial engines, marine engines, replacement engines, spare parts, and accessories. The company has exclusive rights to sell Perkins, Kubota, Kohler and Lombardini engines in Sweden.
