# LUKOIL JOINS FIVE GLOBAL LUBRICANT BRANDS RECOMENDED FOR USE IN SANDVIK MINING MACHINERY

LUKOIL lubricants have become the first Russian oils included in technical specifications documents of Sandvik Mining and Construction, a leading global mining and construction industry equipment manufacturer.

In particular, LUKOIL STEELO and STEELO PREMIUM gearbox oils, LUKO GEYSER hydraulic oils, LUKOIL AQUAFLEX greases have joined the list of fiv global lubricant brands recommended for use in Sandvik crushing and sorting machines.

Earlier, in 2016, LUKOIL became the first Russian manufacturer to receive official approval for application of its greases, gearbox and hydraulic oils in the crushers of Sandvik.
